

Agricultural Committee To Hold Election In County Tuesday, August 16th

The election of community Agricultural Stabilization and Conservation Committee members to serve for the coming 12 months will be held Tuesday, August 16, 1955. Chairman Lee of the Hancock County Agricultural Stabilization and Conservation Committee advises. Three regular members, one of whom will be chairman, and two alternates will be elected in each community. The chairman of the community committee will also serve as delegate to the county convention to elect the county committee.

Elections by casting ballots at designated polling places will be the method used this year. The polling places for communities are as follows:

Ansley-Napoleon—Dave Hoyer's Store
Flattop-Aaron Academy—Aaron Academy School
Dedaux-Sellers—Sellers School
Leetown-Catahoula—Leetown School
Kila-Rocky Hill—Kila School
Bay St. Louis-Lakeshore—Lakeshore School

The polls will open promptly at 2:00 a. m. and close at 4:00 p. m.

If you are an eligible farmer, don't fail to go to the polls nearest your home on Tuesday, August 16, and exercise your right to vote in these elections. Be sure to advise your farmer friends of this election and get them to go with you and vote for these community committee members and delegates to the county convention to elect the county committee.

The kind of leaders you help elect will have a lot to do with how effective our farm program will be in 1956 and in building better farms in Hancock County.

REMEMBER THE VOTING AUGUST 16, 1955 IN YOUR COMMUNITY FROM 8:00 A. M. TO 4:00 P. M.

St. Joseph To Hold Registration August 18 & 19

Registration will be held at St. Joseph Academy on August 18 and 19 from 9 a. m. until noon and from 2 p. m. until 4 p. m.

The registration is for day students only. First grade students must bring either their birth certificate or certificate of Baptism and present them before they can be registered.

All students registered this year should be at the convent on these days and at those times allotted for registration purposes.

VERY UNUSUAL. Yes it is very unusual to even see an apple tree here with a healthy growth of the delicious fruit on its limbs. But in the front yard of Nolan Laddner, who lives on Union St., there is an apple tree growing beautifully with five different varieties of apples. And oh by the way the apples are certainly delicious. Ask Nolan.

Bookshelf Erected To Honor Mrs. Stockstill

The late Mrs. W. W. Stockstill was a teacher on the schools of Hancock County for half a century.

As a token of the love and esteem in which she is held, by her pupils and friends, a memorial book shelf is being established at the City-County Library in the children's reading room. Over the book shelf will be a plaque, made by A. J. Thomas, and in each volume donated in her honor will be a bookplate designating it as belonging to the Lena D. Stockstill Memorial Book Club for children.

Mrs. Briscoe Goldman and Mrs. Wilson Wittesberger have planned this living tribute to Mrs. Stockstill, and it is their hope that they can reach every one of her pupils. They ask that anyone interested in contributing a book to this book shelf, will get in touch with either of them or Miss Louise Crawford at the library. Miss Crawford will be glad to purchase the books for you.

Three Local Men Attend Coleman Rally In Jackson

Kenneth Whitfield, Willie Thigpen and Gregory Favre all of Hancock County attended the state wide rally for J. P. Coleman in Jackson last week.

Coleman, the present attorney general of the State, is in the runoff for Governor with Paul B. Johnson, Jr.

While here, the three local men, exchanged ideas on the coming campaign with a large number of Coleman supporters from all sections of the state. Judge Coleman told the group "to continue to keep the campaign on a high plane."

He said, "If I had to be dishonorable to win the Governor's race I wouldn't want the office."

He emphasized the fact "that we can't stop now and feel that victory is ours. A well known man told me the other day in a telegram, don't be like the baseball player who hit a home run, but never touched third base because he stopped on third base to congratulate himself."

Whitfield, Thigpen and Favre were also present at a Gulfport meeting of Coleman supporters from the Southwestern part of the state.

These campaign materials were surveyed and allotted according to each community's needs.

Whitfield has been named as the Coast co-chairman of the Coleman campaign along with Boyce Coleman of Pascagoula. At the discussion period held in the Markham Hotel it was announced that Judge Coleman would speak along the Gulf Coast and adjoining counties in the near future. An announcement will be released on this soon.

Patricia Bourgeois Named District 4-H Club Winner

Patricia Bourgeois, daughter of Mr. and Mrs. Ducre Bourgeois of Waveland was named district winner in the recently held swimming contest at the State 4-H Club Congress.

She was presented with a sterling silver medal by Miss Sarah Weaver, Hancock County Home Demonstration Agent.

Patricia was commended for her performance by C. J. Smith, State 4-H Club Leader. He stated that "Patricia should be given proper recognition for this achievement in the Health Contest."

Clarence R. Moran, pictured above, has been selected as the "Outstanding Airman" for the past six months. Following is a letter from Moran's commanding officer.

391ST OPERATIONS SQUADRON
3928th Air Base Group (SAC)
APO 194, US AIR FORCE
5 July 1955

Mr. and Mrs. Clarence R. Moran
Lakeshore, Mississippi
Dear Mr. and Mrs. Moran:

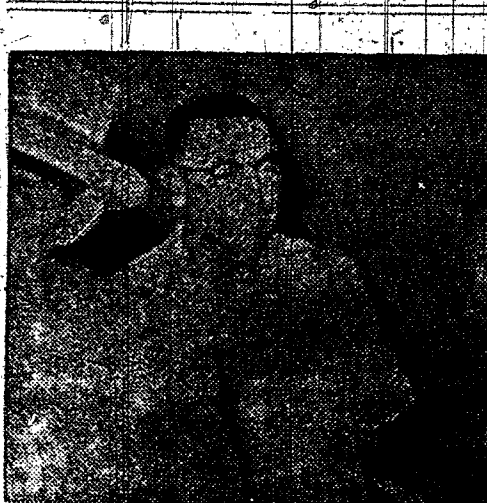

It is a pleasure that I have this opportunity of informing you that your son Clarence has been selected by the personnel of this Squadron as the "Outstanding Airman" for the past six months.

The high calibre of the personnel in the Air Force today makes this an honor that cannot be over emphasized. In the ten months he has been assigned to this unit his actions have reflected his pride in himself, in you, your community and our American way of life. Some of the main factors considered in selecting Clarence was military appearance, off duty conduct, loyalty, attitude, initiative, cheerfulness, cooperation, sportsmanship, promptness, obedience and adherence to the customs of the service. As you can readily see the majority of these factors are those instilled in a boy during his early youth by his parents.

It is to young men of Clarence's type that we look to for our future leaders in the Air Force. The Base Commander is also cognizant of your son's achievements and has taken action to notify him.

It is most gratifying to command personnel of this calibre and I sincerely hope he decides to make a career of the Air Force.

Do You Have A Burial Plot?

Tuesday the people of Bay St. Louis were given the opportunity to vote for an \$8,000.00 Bond Issue to purchase land for a cemetery, the cost of which would be without a penny's increase in taxes, but to be paid for out of the City sales tax already being collected.

Presently there is no room left in the City Cemetery. In fact, some graves have more than one occupant. There has been a constant clamor for a new cemetery in Bay St. Louis for years—no one living can deny we need a place for the DEAD in Bay St. Louis.

But, lo and behold, last Tuesday more than 60% of those voting, voted "No" to a cemetery, thus the Bond Issue for a new cemetery failed. Those who voted against such a project must have some good reason. Maybe they have a plot already picked out for their last resting place somewhere else. Let us hope they do, but if they don't, it is going to be most embarrassing to your loved ones when you pass on and your bereaved are left with your corpse to find a place of rest—resting on top of someone else's bones.

Is such action by the people of Bay St. Louis another step forward toward progress? New industry is bound to come our way. Industry and far-sighted people would just love to join hands with us! We have boasted that the retired folks should retire in Bay St. Louis. But why retire here—and we can't even offer you a burial place?

The more we think about some of our "progressive" citizens, the more we think that the wrong people voted in the election. We should have asked the dead, for after all, they are the losers, for now they will have to shove over.

The election is over, but do you have a Burial Plot? If not, next week we will cover one of the other Bond Issues our "progressive" people failed to pass.

All City Bond Issue Propositions Defeated In Special Election

LEGION OFFICERS INSTALLED—Local American Legion Officers were installed at the Legion Home last week. Pictured above from left to right are Frank Chambers, Department Adjutant of Jackson, Ralph Van Dollen, 9th Dist. Commander, Doug Gailley, Department Commander of Pascagoula, Dr. Laurent Dickson, newly installed Chaplain, Russell Elliott, newly installed Adjutant and Sidney Bourgeois, re-elected Commander of the Clement R. Bontemps Post 139.

All four bond issue propositions offered by the Bay St. Louis Commission Council were defeated at the polls Tuesday.

A large number of voters, 913, turned out for the special election to decide whether the City fathers should float bonds to (1) improve and extend the water works system; (2) purchase a site for a new city cemetery; (3) improve and pave all dirt streets within the city limits and (4) construct two swimming pools, one for the colored residents and one for the white.

The cemetery proposition received a majority of votes, but did not receive the needed 60% to pass. The final vote for the proposition was 460 while 425 were cast against the issue.

The water works program was defeated by a 565 to 308 vote margin, while the street improvement program was vetoed by the people by a 457 to 428 vote.

The swimming pool issue lost by the largest majority of all four issues.

It received only 240 votes, while 627 votes were cast against the proposition.

All votes were cast at the City Hall with North Bay and South Bay divided into separate precincts within the hall.

A box by box vote on the propositions follows:

NORTH BAY		
	For	Against
Water Works	199	309
Cemetery	312	206
Swimming Pools	151	357
Street Improvement	285	237
SOUTH BAY		
	For	Against
Water Works	109	256
Cemetery	148	219
Swimming Pools	89	270

Miss Allen Added To Pass School Staff

Miss Barbara Allen, daughter of Mr. and Mrs. E. A. Allen of Sherman Drive in Pass Christian has been selected as a teacher in the Primary Department of the First Presbyterian Church summer school of Gulfport which is now in session.

Brother McNamee, pastor, urges all to attend these meetings or miss the blessings of hearing one of Mississippi's outstanding preachers. The pastor also asks all who are unable to attend to support this revival with prayer.

Sidelines Club Maps Out Plans For Sep. Fair

The St. Stanislaus Sideline Club Fair Committee met in the school office Monday night to lay plans for the Fair to be held Saturday and Sunday, September 3rd and 4th on the front lawn of the school.

Co-Chairmen of the Fair, will be Mr. Ben F. Hille, President of the Sidelines Club and Brother Raymond, the Secretary. Publicity will be handled by Earl Ramond, Jeffrey Favre, Gregory Favre and John Damborne.

So far the following chairmen have been appointed: Penny Boards—Fred Fayard; Bingo Tables, George Hottzmann; Lucien Kidd; Candy Tables, Mrs. Bradford and Mrs. Chapman; Beer and soft drinks, Warren Buehler; Games table, Dave Donahoe and Donald Briscoe; Weiners and Hamburgers, A. J. Frey; Variety Table, Mr. and Mrs. George Seuzeneau; Baseball Bucket, M. J. Arriagles; Cake Table, Mrs. V. J. Blazza.

An innovation this year will be Speed Ball rides, especially for the children, each afternoon from 2 to 6. Reliable operators will handle the boats. There will also be Brothers on the wharf at all times. In addition, each rider will wear a life preserver.

The purpose of the Fair is to raise funds for the erection of a concrete stand at the football field. Plans for this are under way and it is hoped that a sketch will be soon ready for printing.

Funeral Services Held In N. O. For Mrs. Argus

Funeral services were held for Mrs. Emile Lang Argus yesterday from the Schoen Funeral Home in New Orleans.

Mrs. Argus, a former resident of New York, lived in Bay St. Louis for the past two years.

She was 72 years of age and the wife of the late Bernard A. Argus.

Mrs. Argus is survived by three sons, Ben L., Robert L. and Wilbert L. Argus; a daughter Mrs. Audrey A. Mossamer; two sisters, Mrs. Leona Schneider and Mrs. Thomas McAtymn and a brother Edward Lang.

The body was taken to New Orleans from the Fahey Funeral Home.

RECEIVES MEDAL—Patricia Bourgeois, daughter of Mr. and Mrs. Ducre Bourgeois of Market Street in Waveland, is shown as she receives a medal from Miss Sarah Weaver, Hancock County Home Demonstration Agent for winning the 4-H Club District swimming contest in Jackson recently.

BAY ST. LOUIS, MISS.

To the Voters of Hancock County:

It is with deep appreciation that I say "thank you" to those of you who voted for me in the August 2nd primary election. Your continued support is again respectfully requested.

T those who voted for any of my opponents I ask that you now carefully consider my request for your support. I have a sincere interest in the development of Hancock County. We are one of the very few counties in the State of Mississippi with the doubtful distinction of having no industry to employ our people. Worthwhile jobs must be found outside our borders. How many men must now drive to and from distant points each day in order to earn a livelihood for their families? Would it not be better for them if they were employed within a reasonable distance of their homes? Surely they would find it less expensive and certainly it would enable them to spend more leisure time with their families.

Thank you again for your continued support of my candidacy for the office of Clerk of Courts.

By GREGORY FAYRE

Now is the time for action.

You, the people of our towns must decide whether or not you are going to support sports in your communities as they should be supported or continue to sit back as you have in the past with a completely indifferent attitude.

In a broad sense, it is a crime not to support anything that would benefit our young people and help them along the way to a bright future.

Lack of activities such as sports have caused the greatest amount of juvenile delinquency in this world of ours. Kids have too much time on their hands. Time to learn bad habits rather than learn a clean and wholesome sport.

A number of local citizens have taken the forefront in the fight to give athletics the great name they once had. Now is the time for everybody to get behind the wheel.

It may sound serious and maybe I am overemphasizing the fact, but I firmly and honestly believe that unless the interest of the townspeople increases, we will have a larger number of boys who possess the talent, but will never be given an opportunity to use it.

Let's not have this happen. Sit down and take stock. What have you personally done

to aid the situation here? Did you attend any of the athletic events this year? Are you helping to reconstruct the Stanislaus stadium, so that it will regain the splendor that it once held? Do you encourage your children to participate in sports?

If your answers to these questions are negative, then you are guilty of aforementioned crime. It is up to us to lead the way. Not all can be leaders but, we can be good followers.

Do your part. Help the youngsters and you will receive a ten fold return on your small investment.

Start now, don't wait until tomorrow.

I wish to take this means to thank the voters and friends of Beat 5 for the splendid vote they gave me in the first primary.

I earnestly hope that others who supported my opponents in the first primary believe in my honesty, integrity and qualifications and help me to serve them in the next four years.

I consider myself a friend of my opponent and I want it to remain as such. I do not want to gain any position on the demerits of my fellow man but rather on my own merits.

Therefore I submit to you my qualifications and ask that you consider my candidacy on August 23rd.

- JOHN LUMPKIN IS A FARMER AND LIVESTOCK GROWER
- JOHN LUMPKIN IS A FOOTBALL COACH
- JOHN LUMPKIN IS A PAST MEMBER OF THE HOUSE OF REPRESENTATIVES AND THE SENATE OF MISSISSIPPI
- JOHN LUMPKIN IS A FORMER ADMINISTRATIVE ASSISTANT TO THE LATE SEN. THEO G. BILBO
- JOHN LUMPKIN IS THE ONLY CANDIDATE IN THE RACE FOR SENATE WHO HAS A PLAN FOR FINANCING THE STATE FOR THE PROGRAM THAT IT IS GOING TO HAVE TO PUT INTO EFFECT IN THESE NEXT FOUR CRITICAL YEARS

This program includes equal facilities in the schools. Increased pay for old age assistance. Additional funds for hospitalization of disabled persons unable to pay increased teachers salaries equalling that of neighboring states.

John Lumpkin offers another revenue program that he sponsored in the State Legislature. That is the taxing of all the minerals, gasses and oils beneath the earth held by major oil companies. This bill was in effect until 1946 at which time it was repealed. It allowed the Board of Supervisors to assess these reservations at the proper assessment evaluation.

Today with over 60 million acres in the category it will bring in enough revenue to cover our financial program.

John Lumpkin promises to direct his efforts toward reenacting this bill.

John Lumpkin realizes that the people of Mississippi cannot stand anymore tax burdens than they are now paying.

John Lumpkin believes that an oil board should be elected by the people to conserve our oil, minerals and gasses.

John Lumpkin believes that the people should elect a State Pardoning Board to relieve the Governor of that responsibility since his duties are so important and his time so limited. This board should serve the same time and in the same manner that the present board is serving.

John Lumpkin believes that small businesses that cannot collect Sales Tax from the public under 15 cents should be reimbursed for this tax which they cannot collect. He believes that this type of business should receive the same considerations that other States are giving for the collection and reporting of this tax.

John Lumpkin believes in the more simple method of purchasing car tags and will work to gain this method.

John Lumpkin will cooperate with the Board of Supervisors and all officials, municipal county, as he has always done and he will also cooperate with the Governor the people select.

Horton - Miles Wedding Held At Christ Episcopal Church

Rev. Charles R. Johnson, officiating, united Miss Sylvia Horton, daughter of Mr. and Mrs. Geo. S. Horton of Bay St. Louis, and Mr. Billy Gene Miles, son of Mr. and Mrs. W. C. Miles, also of this city, in marriage Saturday, July 30. The ceremony was performed at 6:00 p. m. in Christ Episcopal Church.

Miss Evelyn Weeks of Camp Kitiwake and Mississippi Southern college, played nuptial music during the ceremony.

Wearing a patio length gown of white embroidered nylon, the bride was escorted down the aisle by her father who gave her in marriage. Her dress was fashioned with a scalloped neckline embroidered in seed pearls and lace and a buffant skirt. Her fingertip veil was held to the head by a small crown of pearls on lace. She carried a bouquet of white asters.

Her attendants, Miss Lila Moses of Nassau, a roommate of the bride's at Mississippi Southern, maid of honor, and Miss Carol Horton, the bride's sister, wore patio-length gowns of white dotted nylon. They were worn with green taffeta cummerbunds which were tied in a large bow. They carried flowers similar to those of the bride.

Mr. Bob Miles served as his brother's best man; Richard Miles, another brother, was

groomsmen and John H. Weston and Sam Vaughn of Pensacola, Florida, were ushers.

A reception was held at the home of the bride's parents on North Beach where decorations of magnolia leaves and similar were used. They were assisted in receiving my Mrs. Horton and Mrs. Miles. Miss Mary Perkins, assisted by Miss Nancy Wilson and Mrs. Earl Owen of Biloxi, presided at the punch bowl. Mrs. Clem B. Pearson cut the cake, which was centered on the table that was covered with an embroidered Madiera cloth.

The couple left for a honeymoon to points in Florida. The bride will return to Mississippi Southern College where she will receive her degree, and the groom, who is stationed in New York with the U. S. Navy, will return to his base.

Out-of-town guests were Mr. and Mrs. Reuben G. Bush III, New Orleans; Mrs. W. D. Vaughn, Pensacola, Florida; and Mrs. Anna Holliman, grandmother of the bride; E. C. Holliman, Mrs. Owen, all of Biloxi.

**THANK YOU GOOD PEOPLE OF HANCOCK
COUNTY:**

It is on occasions like this that words fail me. I cannot find the sufficient terms to say thank you. Thank you for the vote of confidence that you gave me in the First Primary last week.

In my humble way I can only say that I deeply appreciate it from the bottom of my heart.

It is the people who worked faithfully in my behalf to give me this large vote and lead in this county I will forever be grateful to you.

And to those who were obligated to my opponents because of any attachment I will appreciate and want your support in the runoff.

I am seeking this office so I can serve everyone in Hancock, Pearl River and Lamar Counties.

I sincerely hope that you will place me on top of the ticket on August 23 and with my large experience and seniority as a Legislator I am positive that I can repay your confidence in me a hundred fold as I have done in the past.

Gratefully yours,
JOHN LUMPKIN

By MRS. J. G. TREUTEL

Cheryl Ming, Joy Peterson, and Nicholas Schwartz made their First Communion at St. Ann's Catholic Church Sunday, August 7th.

Congratulations to Claud Garcia, 4-H club member who returned Friday from Roosevelt State Park where he spent five days. This is the third trip Claud has won this summer, the others were 4-H Camp at Lake Shelby and one at Choctaw Lake.

Cheryl Ming recently celebrated her 7th birthday with a party at her home on Forest St.

Mr. and Mrs. Norman Hoppee and family of New Orleans spent last week visiting Mrs. Hoppee's parents, Mr. and Mrs. Ben Peterson.

Mr. and Mrs. E. G. Ming and son Sgt. W. J. Ming visited Mr. and Mrs. H. E. Ming this past weekend. Sgt. Ming is stationed in Florida.

Mr. and Mrs. Buriel returned last week from a month's vacation with their son-in-law and daughter Major and Mrs. B. C. Smith at Washington, D. C. During their vacation they went to Harrisburg, Pennsylvania. Mrs. Buriel reports they had a wonderful trip.

CARD OF THANKS

Thanks to all who attended, contributed or helped in any way to make St. John's Church Fair, at Lakeshore, Miss. a success. The proceeds will go toward a building fund for St. John's Church.

TO THE VOTERS OF HANCOCK COUNTY:

I take this opportunity to express my deep appreciation to you for the wonderful vote given me in the first primary held August 2, 1955. The results of that election enabled me to come within just a few votes of being elected in the first run-off, for which I am deeply grateful.

You may rest assured that it will continue to remain my policy to take no part whatsoever in the remaining races to be run August 23, 1955, other than my own campaign.

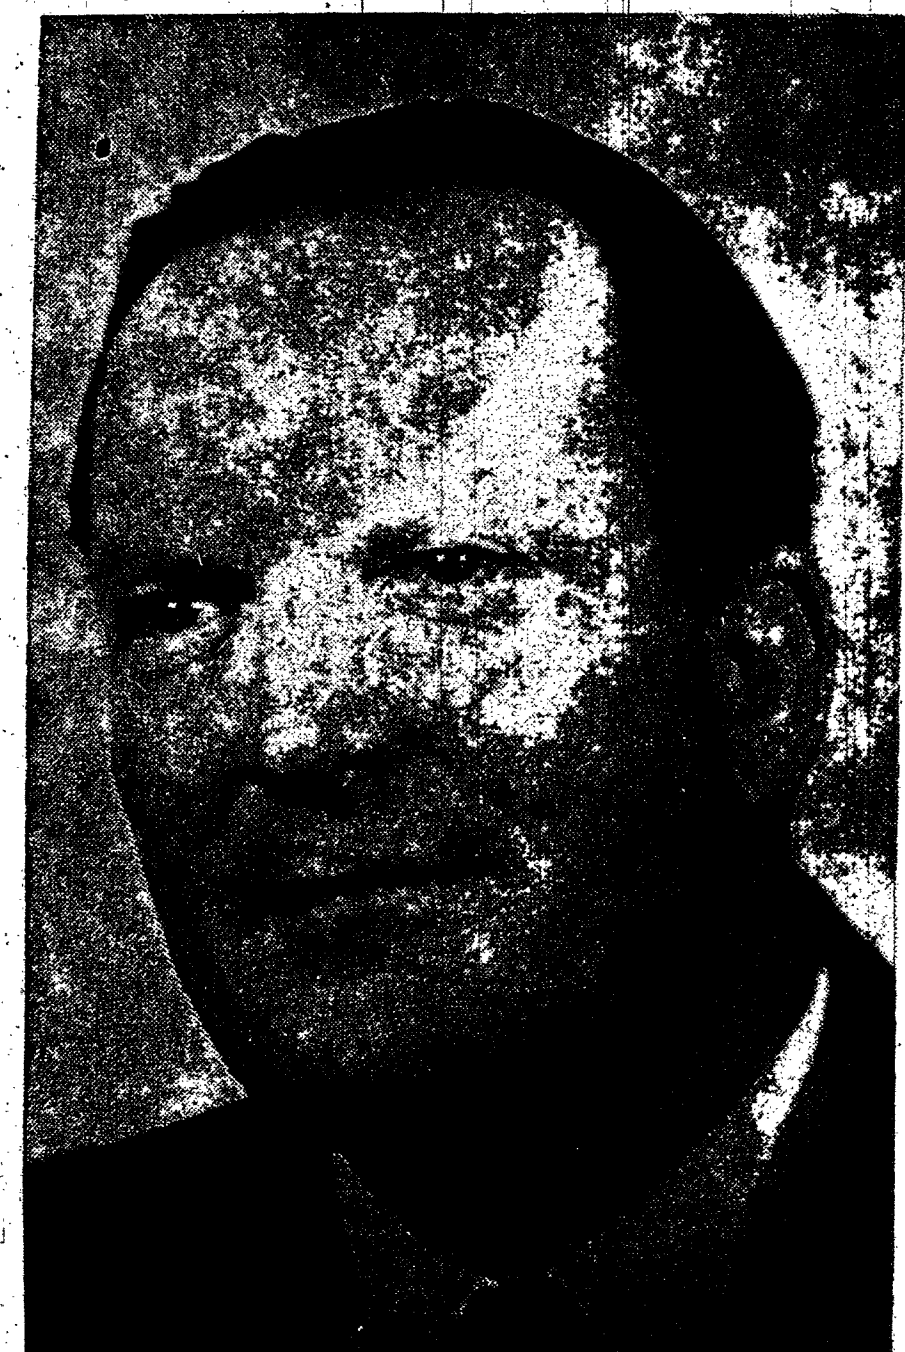

As the voice of the people has clearly spoken, I feel that no candidate, elected or defeated, should take a stand for any individual but should recognize only the merits of the various candidates and vote accordingly. There is no need for me or any other candidate to make all sorts of promises that cannot be kept other than to abide by the Code that governs our State and in doing that, all of the people will benefit instead of just a few individuals who have received these promises.

Again thanking you for your past support and for recognizing honest and efficient service in the office of Clerk of Courts and trusting that you will again honor me with the opportunity of serving you during the next four years, I am

Sincerely yours,

Marine Recruiters Here Aug. 17 & 31

MSgt. David P. Bailey, USMC, NCO in charge of Marine Recruiting for the Gulf Coast Area, announced that during the month of August, Marine Recruiters would be in Bay St. Louis at the County Court House Building on Wednesday 17 & 31 of August from 9 a.m. to 2 p.m.

The Marine Recruiters will be available to answer any questions concerning enlistment in the regular Marine Corps, the Organized Marine Corps Reserve or the Women Marines. Male applicants are eligible for enlistment if they pass the physical and mental requirements and are between 17 and 32 years of age.

Sergeant Bailey also made it known that the Marine Corps has no waiting list, applicants may select the day they desire to leave and will be enlisted on that day.

Citizens Council Meet Postponed

Ellis W. Wright, President of the Jackson Citizens' Council, announced today that the statewide public mass meeting of the Mississippi Citizens' Councils planned for August 16, at the Jackson City Auditorium has been postponed.

Reason for the postponement is that in view of the forthcoming election it is felt that the meeting should not take place until after the second primary to avoid any possibility of political implications.

The Citizens Councils have a declared policy of non-partisanship in state and local politics. The date for the statewide meeting will be announced later, and will probably be set for early September.

Pvt. Charles Carver, son of Mr. and Mrs. Alcey Carver of St. Louis, is presently stationed at Camp Chaffee, Arkansas; where he is undergoing basic training.

To The People Of Beat Five:

I wish to thank you for the splendid support given me in the First Primary towards my candidacy for Constable of Beat 5. To those of you who saw fit to vote for others aspiring to the office which I am seeking, I wholeheartedly and earnestly ask you to give me your consideration on August 23, 1955.

The office of Constable, as any public office, is one of trust, confidence, responsibility and dignity. If elected, I pledge that I will live up to the confidence placed in me, and I will endeavor to return to the office of Constable the dignity and honor which that office so rightly deserves.

CANDIDATE FOR CONSTABLE
BEAT 5

To The Voters Of Beat 5, Hancock County, Miss.

I take this means of expressing my sincere appreciation for the fine vote given me on Tuesday and for the loyal cooperation of the friends who worked in my behalf. And to the election managers who did a splendid job I say thanks.

To those who voted for my opponents, I earnestly solicit your vote and influence in the second primary. I hold no malice or ill feeling as you exercised your constitutional right and if elected I shall be Board of Supervisor for all our people and for not any special group.

With sincere thanks and an earnest solicitation of your vote and influence on August 23, I am,

Yours sincerely,
JOHN A. EGLOFF.

Misses Speed And Turcotte To Receive Degrees August 16

Three hundred and forty two degrees will be conferred on August 16 by Mississippi Southern College to candidates seeking degrees.

A total of 217 students are seeking a Bachelor of Science degree; 6 are seeking a Bachelor of Arts degree; 2 are seeking a Bachelor of Music Education degree; 115 are seeking a Master of Arts degree; 1 is seeking a Master of Music Education and 1 is seeking a Master of Education degree.

Among the candidates seeking degrees is Grace J. Speed of Logtown who is seeking a B. S. degree with a major in Health and Physical Education.

Also seeking a B. S. degree is Mary M. Turcotte of Wayland who is majoring in Elementary Education.

Mr. and Mrs. William F. Kenney announce the birth of a son, David Joseph, born July 27th at Kings Daughters Hospital. Both mother and baby are fine. This is the second son born to the Kenney family.

Library Presents Alan Henderson

The Memorial Library is planning a great treat for the young readers on August 25, when young Alan Henderson, formerly of Bay St. Louis, will return from his home in Denver, Colorado, to stage a slight of hand and magic show at the library.

Alan, who is visiting his father, Louis Henderson in Gulfport, has been studying magic for several years and his tricks of legerdemain are guaranteed to mystify both young and old.

The show will be held at 8 o'clock at the library and admission will be ten cents to all.

The public is invited, so if you are still a child at heart, come along and bring all the children in your neighborhood for a fine time.

By Way of Sincere Appreciation

To The Voters of Hancock County, Beat 5:

For the confidence you expressed in me by your vote for Justice of the Peace Tuesday. I am most grateful. I will appreciate the continued support of those who voted for me in the first primary and ask the support of those who voted for other candidates in second primary on Aug. 23, 1955.

Respectfully

Edward A. Fayard,
Candidate For Justice of Peace.

THANK YOU

I am deeply grateful for your wonderful support and confidence in placing me in the run-off for Sheriff and Tax Collector.

I thank those of you who voted for me and donated your time and efforts in my behalf.

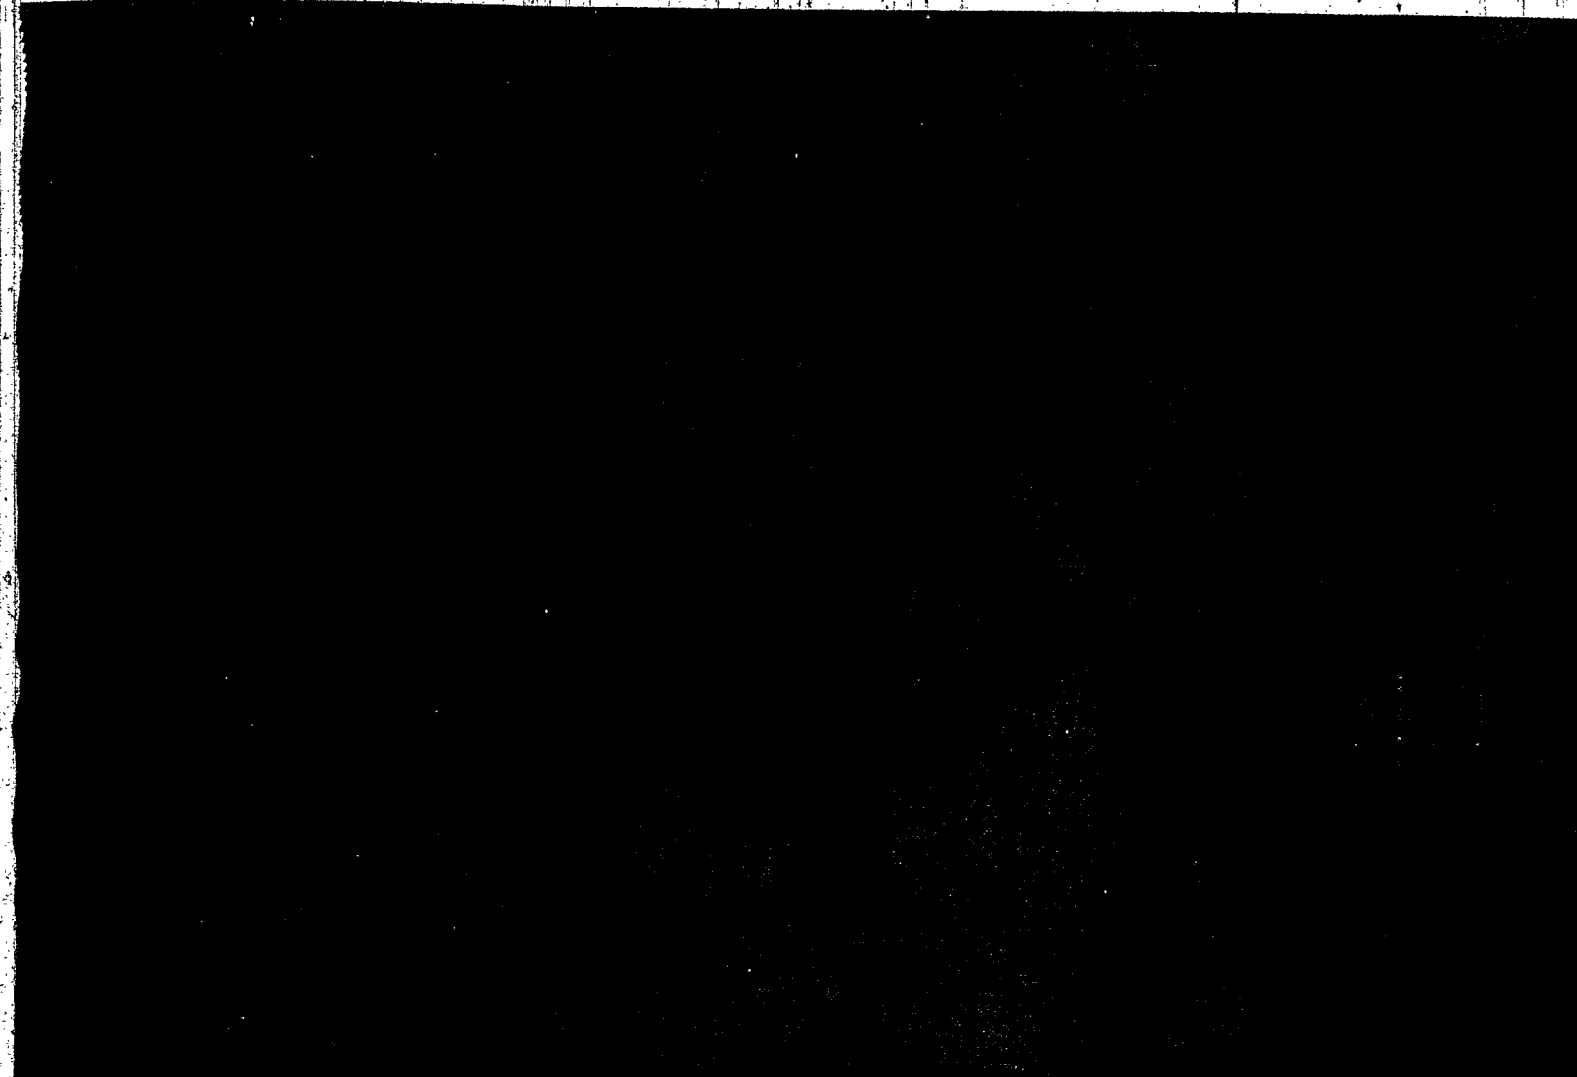

I also sincerely appreciate the many friends who supported other candidates in the First Primary who have now offered their support in my behalf.

In the first primary I did not meddle in the race of my other candidate, and in the second primary I want it known that I am running my race only, and that I will not become involved in any other race.

In the First Primary I did not buy any votes. First, I did not have the funds to do it with. Second, a bought vote or a 'deal' is not of value, either to the candidate or the public. My total campaign expense for the First Primary amounted to \$439.50 which was spent for my gasoline, oil, advertising, etc., and over \$200.00 of this amount was sent to me in small amounts from people in Hancock County who were not seeking special favors or obligations. These gifts and support I appreciate from the bottom of my heart.

I have not sold my soul or my principles, nor have I made a single 'deal' to be Sheriff of Hancock County and I will not sacrifice the rights of the people of this county by doing so.

THANKS!
To the Voters Of

County,
Mississippi

I want to take this means in expressing my many thanks for the BIG VOTE I received in the First primary on August 2, 1955. I earnestly solicit your vote and support on the 23rd day of August, 1955 for the Office of Constable of Beat Five, Hancock County, Mississippi.

I wish further to express to the people that I come before them as their friend and if elected on the 23rd day of August, 1955 for Constable, I will be the People's Constable.

I am an independent Candidate and will always serve as Constable for all the People, all the time.

Your Friend,
NOLAN A. KINGSTON.

I want the job for what it pays, and no more. I want it for the service I can render. I know that I am the best qualified for it through experience and training.

If you know Sylvan Ladner, you know that he will not have any 'satchel man' or pay-off lieutenant on his staff.

The opposition, and would-be 'ring' has already tried to poison the minds of the people that 'if you elect Ladner, you will have a 'Blue Law' County. This same group has made the same frantic cry against me before, but let me assure you that I am not a reformer or crusader; further, there has been no 'Blue Law' in the City of Bay St. Louis since I have been a Commissioner. I have tried to be fair with the people.

Friends, think about my qualifications, my experience, and my desire to serve you. And a further thought; if you were looking for someone to manage your personal business, what type of man would you choose? I feel that you will choose the same type of man as you would choose for your public official. I sincerely hope that your choice is Sylvan J. Ladner, Jr.

Idleness Vs. Delinquency

Throughout Hancock County the byword of all the politicians is "Juvenile Delinquency." They do a grave injustice to the children of our county. There are no juvenile delinquents in this county. But, there are a terrific number of teen-agers with absolutely nothing to do with their time. So, they pull a few pranks and have vile names stamped on them.

If these same individuals who preach on Juvenile Delinquency would have followed the example of some of the other coastal communities in past years, there would be no need of having this plank in their platforms.

These children are human beings and they require some type of recreation just as you and I. The old adage is, "An idle mind is the devil's workshop."

Of course, the Youth Center of Bay St. Louis has done a wonderful job in providing entertainment and has been an excellent diversion for the youth during the night hours; but they have approximately sixteen hours a day of which to dispose.

Just nail the planks of the politicians together with dollars and cents, a few ball teams, sewing circles or what have you and you would have the answer to what in reality is not a major problem.

IN THE MATTER OF THE ESTATE OF MRS. ALVINA LADNER, DECEASED

By: Mrs. Fannie L. Ploue, Administratrix.

Letters of administration on the Estate of Mrs. Alvina Ladner, deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 18th day of July, 1955, and therefore, notice is hereby given requiring all persons having claims against said estate to have same probated and registered by the Clerk of said Court within six months from this date, and failure to so probate and register same in six months will bar the claim.

MRS. FANNIE L. PLOUE, Administratrix of the Estate of Mrs. Alvina Ladner, deceased.

County Agent Notes

MID-SEASON OUTLOOK
Dairy production is expected to total about the same as last year. Consumption is up. Surplus will be down and government will buy one fifth less than last year. Gain in milk price, drop in food prices has improved dairy situations. Improved milk-fed ratio.

Poultry: Egg outlook is for lower production in fall. Prices expected to rise in fall. Efficient production should be profitable.

Broilers are likely to go down in price due to continued heavy chick placements and marketing.

Soybeans production is likely to be at a record high. Market

prices may be under the support of \$2.04.

Sweet potato yields may be up some due to favorable weather. Demand and prices should be about the same as last year.

Pecan production will be short of the 1954 crop. Late freezes cut one crop heavily in North Mississippi and to a lesser degree in the Gulf Coast area.

Cattle prices are expected to weaken with heavy marketings in late summer and through the fall. Output is up slightly.

Hogs are expected to make the normal late summer and fall decline in prices. Supplies are heavy.

Cotton is still in surplus. Estimated carry-over is largest since 1945. Cash income value to Mississippi farmers expected to be down from last year. Prices will be supported at 31.7 cents a pound, average location, basis middling 7-8 in.

COTTON
Protect your cotton. Don't let the boll weevil eat it up. You have to take care of your bolls until they are tough enough to resist the boll weevil. A good rule of thumb to follow in determining whether or not a boll is mature enough to be considered safe, is to take a pocket knife and check a few. Cut the boll across. If the fiber sticks to the knife blade, it is likely to be safe. However, if the boll cuts clean, then it still needs protection.

Consult your county agent for detailed information on late season cotton insect control.

This year it might pay you to defoliate your cotton. Make sure of your refoliating equipment and that you will be able to secure the needed chemicals.

HOG FIELD DAYS
Dates for area-wide hog field days are August 18 at Dill Hegman and Jack Phillips farms in Yazoo County beginning at 1:30 p. m.; August 19 at Lambert Farm in Tallahatchie County beginning at 9:30 a. m.; and August 23 at Dillard Goolsby farm in Tippah County beginning at 1:30 p. m.

Management details to be discussed at these field days include taking care of sows and litters, strict sanitation and its value, hogging off corn, feed-

FORESTRY NOTES

"TREES FOR TOMORROW"

What is a tree? A tree is a woody perennial plant that grows upright, usually with a single stem, and commonly exceeds 20 feet in height at maturity. It is alive and depends upon moisture and sun for growth and reproduction.

Like human beings trees require food; like us they need water to drink; like us they cannot grow without the sun's warmth; like us they must have light. Deprive a tree of food, water, air, warmth, or light, and it will die. Like us, too, trees are born, grow, reproduce, work, rest, and die of old age.

Modern forest management helps to make forest continuously useful by harvesting trees when they are ripe, by protecting them from their enemies and by assuring conditions under which new tree growth may continue.

There is one substance, which we grow, that provides us with shelter, fuel and clothing, a substance which gives us materials from the softest tissues to hard metal like plastics. It can feed us, provide the utensils from which we eat and supply us with the conveyances we travel in. That substance is wood—and there is magic in it.

The question that is asked, "What is to become of our forest? Will we have enough wood? Is there any way in which we can be sure we will continue to have enough?"

Men of science and men of industry have the answer to these questions. Their answer is that we can continue to build homes of wood, and make more new products of wood, and still have more than enough wood growing in our forests, provided these forests are properly managed and protected.

The forester who is a scientist skilled in the growing of trees might answer you in this way: "Trees may die or trees may be harvested, but the

ing hogs on concrete, swine diseases, and live hog grading.

forest can live forever." Young trees are constantly replacing old ones. New trees start growing from the seed scattered by older trees and, in time they take the places of these older trees.

Because of this fact, trees are really an agricultural crop, much like wheat or corn. They can be harvested and grown again. One of the chief differences, of course, is the fact that it takes longer to grow a crop of trees than it does a crop of corn. So it is that trained forest managers have come to regard their forest lands, not acres from which they take products which cannot be returned to the land again, but as tree farms, which can produce not only, but many continuing crops of trees.

We have seen how both man and nature can be the enemies of the forest, but man and nature can be its best friends, if they work together. He who applies scientific forest management so as to assure abundant timber crops for years to come for you, for your children, for your children's children; and who provides the means to replace harvested trees with young growing trees—he is a friend of the forest—a true tree farmer.

Trees for tomorrow means jobs for today, tomorrow and for generations to come.

JUDGE J. P. COLEMAN

"Thank You
Thank You
Thank You"

TO THE PEOPLE OF MISSISSIPPI:

There will never be words sufficient to express the gratitude I so sincerely feel to you for the wonderful vote given me on August 2nd.

Because of the faith, the trust, and the generosity of the people, we led the ticket in more counties than did any of our honorable opponents. We came within only 3% of the total vote of leading the ticket in the entire State.

In the face of this great expression of confidence, we remain as humble as ever before, and we shall always remain so.

We earnestly seek the help of all those who considered it to be their duty to support other candidates in the first primary. We warmly welcome those who supported Mrs. Cain, Mr. Barnett, and Gov. Wright in

the first primary. We likewise hope that upon further consideration those who voted for Mr. Johnson will now decide that they should vote for one who has devoted his life to the public service of his fellowman—one who is fully prepared mentally, spiritually, and physically to stand between the people and the troubles of the next four years to come.

Please help us, friends, and we shall never cease to be grateful; we shall never cease to serve your best interest.

We look forward to hearing from you again on August 23rd.

Respectfully and sincerely your friend,
J. P. COLEMAN

HOME AGENT NOTES

Homemakers are urged to keep eggs cold to hold their freshness. But should they use them cold or take the chill off in cooking them.

One answer to this question is that you can separate an egg into white and yolk more easily when it's warmed up to 50 to 60 degrees F. An egg just out of the refrigerator is so cold the white clings to both shell and yolk.

On the other hand, when an egg warms up to 75 degrees F. or more, the yolk tends to flatten and then may break in separating.

Generally, when eggs are to be separated, it pays to remove them from the refrigerator at least an hour in advance.

For cake-making eggs, like other ingredients, combine better at room temperature.

Egg whites whip more quickly and to greater volume when the chill is off.

For cooking in the shell, take the chill off the egg before it goes into hot water to avoid cracking the shell. Or, put cold eggs in cold water and bring to a boil.

Hard-cooked eggs seem to separate more easily from shells when they are cold. As soon as they are cooked, cool rapidly in cold running water. Past cooling helps prevent the unappetizing dark-colored layer around the yolk.

MIX PAINT WELL

All paint, regardless of type, calls for care in mixing.

The job will be easier if you pour the liquid from the can of paint and then mix the remaining liquid with the pigment. Fiddle it up until the color is uniform and the texture is smooth.

Awards Forestry Scholarship

Four boys from Hancock County attended Boy's Conservation School at Roosevelt State Park during the week of August 1-5.

Those attending were Claude Garcia—Germont Harbor, sponsored by the Longstraw Club of Poplarville, Miss.; Larry Rester—Lestown, sponsored by Mrs. Horace Williams, Bay St. Louis, Miss.; Joel Lee—Lestown, sponsored by the Bay-Waveland Garden Club; Carl Moran, Jr.—Kilm, sponsored by Mr. James L. Crump, Bay St. Louis, Miss.

Boy's Conservation School at Roosevelt State Park is an annual event conducted by The Mississippi Forestry Association, with local clubs and individuals sponsoring the boys. The school consisted of field trips, practical demonstrations and lectures on forestry, wildlife, soil conservation and land-use planning. Other events included movies, barbecue, swimming and games.

Mr. J. Roland Weston, Bay St. Louis, made available a \$125.00 forestry scholarship to be awarded to the most outstanding boy attending camp and who agrees to attend the School of Forestry at Mississippi State College.

THIS CAMPAIGN IS A FAMILY AFFAIR: Mr. and Mrs. Paul Johnson and their three fine children: Patricia, 12; Shelby, 4; and Paul, Jr., 6.

To The People of Hancock County:

I am deeply grateful to the many thousands of Mississippians who honored me on August 2nd.

I am so sincerely appreciative of all my friends who worked so hard, and who are still working, in my behalf.

I pledge my loyalty to my state, my nation, and my friends.

Sincerely,

PAUL B. JOHNSON

They tell me we have a "fight on our hands" in this second primary.

That's what they told us quite a number of times in the South Pacific World War II.

I am always ready to fight for my state, for my nation and for the Southern Way of Life.

It is upon the basis that I present to the people of Mississippi a constructive and progressive program of action that I earnestly solicit the vote and influence of those fine people who supported my worthy and distinguished opponents in the first primary. You are my friends now—for you, too, want to help expand the economy of Mississippi to provide opportunities for our children right here at home. Please join with us.

to make the mare go!

"It takes money to make the mare go!"... We expect to spend approximately 16 million dollars in Mississippi this year to provide additional telephone service.

Like the 95 million dollars we've put into expansion and improvement of Mississippi's telephone network since 1945, this new money must be secured from investors... people who require a fair rate of return on their money. As we obtain the money, we're expanding our facilities to meet Mississippi's growing telephone needs.

The cost of adding a telephone has climbed!

Materials, wages and everything

else that goes into telephone construction has increased in cost!

I Wish To Take This
Opportunity To Extend My
Sincerest Thanks And
Appreciation

To all the people who voted for me and supported me in the first primary. In respect to all the people who voted for one of my worthy opponents, I respectfully solicit their vote and confidence in me in the coming primary. To the election managers for their tireless efforts and to the clerks for the many hours spent in the tallying. To the election committee for their judgement in the appointment of the various groups who so capably supervised the election. If elected to the office of YOUR Sheriff and Tax Collector, I will adhere to the same platform which has appeared in your local newspapers. We have now only reached the middle of the stream in our endeavor and with your continued confidence we will attain our goal. I therefore cordially ask everyone to come to the polls on election day to vote and make this the largest election ever held in Hancock County. Once again my sincere and respectful thanks.

G. V. PRICE
CANDIDATE FOR
SHERIFF AND TAX COLLECTOR

Beginning Monday, August 15th, the Bay-Waveland Bus Line will take the following route starting at 7:40 A. M.
Down Ballentine St. to Third St. up to the Old Spanish Trail.
On return trips, the Bus will follow the same route in reverse.

Nothing
GOES
like a Chevrolet V8!

It's the new winner in stock car competition... and it's winning new, young-minded friends faster than you can say America's hottest V8. Because of its liveliness, its looks, and because it holds the road like it loves it—which it does. Come try it, won't you, if only for the fun of it!

NOTHING
(not even the high-priced cars)
HAS GOT SO MUCH
TO GO WITH!
The most up-to-date V8
That's Chevrolet's "Turbo-Fire V8!" So efficient that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field.
Two Sizzling 6's
The most powerful 6's in Chevrolet's field—with all the advantages of Chevrolet's long leadership in valve-in-head engine design.

Powerglide, Overdrive or Synchro-Mesh
A new and finer Synchro-Mesh transmission, or, as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.
New engineering advances on steering and suspension
Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth.
